FERRELL REUNION NOTES.

Of the total list of 620 Ferrell's Boys, 133 are known to be dead and 75 have been lost sight of and their present addresses are unknown. It is quite likely that some of these are also dead. Invitations have been sent to 417 whose addresses are known and considerably more than half of these are expected to attend the reunion next week.

EIGHT HAVE DIED.

Within little more than 12 months eight of the Ferrell's Boys have died and it must be said with sorrow that three of them died by their own hands. The following are the names of those who will not meet with the boys this year:

David A. Amoss, 1876, died Nov. 3, 1915.
Dennis E. Barbee, 1878, July 23, 1916.
Thos. W. Buckner, 1877, March 30, 1916.
Jno. P. Campbell, 1884, July 8, 1915.
J. Parrish Meacham, 1885, Nov. 27, 1915.
Jno. B. Russell, 1890, March 17, 1916.
Cecil White, 1903, March 1, 1916.
Ellis White, 1903, June 22, 1916.
Mr. Barbee was arranging to attend

the reunion. He was killed in an auto accident near Little Rock, Ark. Col. M. H. Crump, of Bowling Green, writes that he will arrive Thursday night and remain until Sunday night. He says Mr. Glasgow will probably come a little ahead and stop over to see him and come on here with him.

Dr. Thach, the other former teacher, of Auburn, Ala., has not yet been heard from.

Ed L. Boyd, 1875, of Denison, Texas, was in town yesterday to meet Mrs. Boyd and their son, who have been visiting relatives near Mayville, Ky. They expect to return home tomorrow, greatly regretting Ed's inability to remain until after the reunion next week.

Jake Cohn, of Lawrence, Kan., writes his cousin, Mose Elb, that he will arrive Tuesday, August 10 and to let all the boys know he is coming.

Two of the boys have taken unto themselves wives during the last thirty days—John Stites and Charlie Hoke. The latter has already taken a vacation from his government job to take a bridal tour and sends his regrets that he can't come to the reunion.

Pod Paragraphs.

Pod, Ky., July 31.—All growing crops are suffering very much from lack of rain.

We are having a good Sunday School at Castleberry church, with preaching every third Sunday by Bro. T. H. Moore.

As Mrs. W. S. Barnett was descending a steep hill on her return from St. Charles a few days ago, the harness gave way and the buggy dashing against her mule, so frightened the animal that he ran away. Mrs. Barnett was thrown from the buggy and had an arm broken and was otherwise badly bruised. She was suffering very much at last accounts.

A new rural route has been allowed from St. Charles through the Buffalo and Tradewater country, as far south as McIntosh Store, near Castleberry, and with the Lantrip road to its junction with the McKnight road, returning by Hamby's station. This will supply a long felt need in the section through which it passes. Some of the citizens get their mail in boxes from 3 to 5 miles from their homes. Service begins on this route tomorrow.

CY KLONE.

Clark-East.

Noble Clark, aged 22, and Miss Lelia East, aged 19, were united in marriage at the home of the bride's parents Wednesday night, Rev. Jack Lynn performing the ceremony. They went to Hopkinsville where they will spend their honeymoon; both of these young people are well and favorably known here and their many friends wish them joy and prosperity.—Earlington Bee.

MEN IN MIND IN HOPKINSVILLE

Prominent Factors in The Busy Life of the Pearl City.

BIOGRAPHICAL SKETCH NO. 105.

One Of The Self-Made Young Men Of The Grocery Trade Of The City.

OTHO McCORD

Among the fifty or more grocery merchants in Hopkinsville are many self-made young men who have worked their way up from modest beginnings to be prosperous business men, enjoying the confidence and respect of a large circle of friends and occupying a firm stand in the prosperity of the community. In this class belongs Otho McCord, whose picture is at the head of this column.

Mr. McCord was born Feb. 24, 1880, near Hopkinsville, and his boyhood was spent on the farm of his father, D. J. McCord. When he grew to manhood, he sought employment in Hopkinsville and found his first job in the saddle and harness shop of F. A. Yost & Co. He remained with this firm, now grown into a strong corporation, for eight years consecutively, except that he traveled for one year for a hardware house, but returned to his old position. On Jan. 1, 1914, he left the employ of the F. A. Yost Co. and bought an interest with his brother, Louis McCord, in a grocery on Seventh street. Later the firm of McCord Bros. opened another store of the same kind on Nineteenth street, and both are now prosperous business ventures.

Mr. McCord has been twice married, first in November, 1901. He has one daughter by this marriage. His first wife died in 1909 and on Feb. 19, 1913, he was married to Miss Fannie Haydon, his present wife. They have one child, an infant son. They live in a cottage on North Main street. Mr. McCord is a member of the Second Baptist Church.

Billiards is one of the oldest games. It was mentioned in Irish history as early as A. D. 148.

Club House to be Built and Golf Links Laid Off.

The proposition of a number of the lovers of golf to organize a Golf and Country Club, started this week, met with instant and unexpected success. It was planned to get 100 members who would subscribe \$100 each, raising \$10,000. An option has been secured on a tract of land, part of it beautifully set in forest, adjoining the Trimble addition opened last week. It will have two roads into it and two large ponds will supply water scenery. City water has already been piped to the grounds. A fine club house will be erected and there will be golf links, a tennis court and other grounds provided.

Nearly all of the subscribers have been secured and the Club is an assured success. The annual dues will be \$24.

Mayor F. H. Bassett and others are leading the movement.

CARRANZA MEN AIDED AMERICANS

Washington, August 2.—Major General Bell directs special attention to the cooperation of Carranza troops in the fight with bandits on the American side of the border near Fort Hancock, Texas, in his official report to the War Department, made public Tuesday. The Mexicans sent a detachment of eight men under Captain Marcello Marruyo to the American side, where they joined six men from the Eighth cavalry, who were engaged with the bandits. General Bell's report tells a story substantially the same as unofficial accounts, and concludes:

"I wish to call attention to the cooperation of the Mexican troops. Three bandits belonging to this band were captured yesterday by the Mexicans and are now en route to Juarez."

Half German Forces on Western Front

Paris, Aug. 2.—The German army on the western front, according to authoritative sources here, consists of 122 divisions, comprising much more than half the German forces in the field. The precise strength of the divisions is unknown, some consisting of two brigades and others of three. Two brigade divisions on a war footing have 14,000 men and three brigade divisions 21,000, hence the total strength of the forces on this front is assumed to be somewhere between 1,700,000 and 2,500,000.

Numerous prisoners recently taken are of the 1917 class, that is from 19 to 20 years old.

The warfare is spreading against the prairie dog. In Texas alone they annually eat enough grass to feed 1,682,500 cows.

LAYTONSVILLE.

The weather still remains hot and every one has the appearance of being roasted.

Quite a large crowd attended the missionary meeting at Vaughn's Grove Sunday. There was plenty of dinner and every one had a good time.

There will be an ice cream supper at Laytonsville school house Thursday night, Aug. 3. Every one is cordially invited to come.

Mrs. John Hinkle, of Green Briar, Tenn., is visiting Mrs. Marion Lacy this week.

Miss Ethel Shanklin is visiting friends near here, this week.

Miss Edna West visited her friend, Miss Lizzie Fruit, Saturday night.

Mrs. R. M. Waters, of Hopkinsville, visited her sister, Mrs. Ida Henderson, Thursday of last week.

Mrs. Bettie Henderson visited her sister, Mrs. Lewis Dulin, several days last week.

Mrs. John Jenkins, of the Fruit's Chapel section, is very sick at this writing.

The Sanctified meeting at "Last Chance" closed Sunday night with several additions.

Mr. Charlie Dulin, of Hopkinsville, one of the returned Company D boys, visited his brother, Mr. Hugh Dulin, last week.

Misses Lucille and Elin Henderson, of Laytonsville, started to Edwards' Mill to school Monday, July 31. They will study the High School studies.

BLUE BIRD.

SEVEN KILLED IN BORDER SKIRMISH

El Paso, Aug. 2.—Two Americans were killed and one wounded in a clash with five Mexican bandits, who crossed the Rio Grande five miles below Fort Hancock, Texas, early Monday. The dead are private John Twoney, Troop F Eighth United States Cavalry; Robert Woods, United States customs inspector.

Sergeant Lewis Thompson, Troop F, Eighth United States Cavalry, is seriously wounded. The Mexicans are believed to have crossed the line to steal horses. They were discovered by American outposts and the cavalry patrol attacked them. The Mexicans attempted to flee but were intercepted and forced to fight. All five of the bandits were killed, according to the report of General Funston.

TO THE TRADE.

The storage capacity of the James Cate & Son Co. is rapidly filling up with a good grade of wheat in fine condition. This will enable us to furnish a superior article of flour. Our brands, Silver Seal and Blue Ribbon, are selling freely and giving satisfaction. We will make it to the interest of our customers to continue the liberal patronage that has been extended to us.

DISTILLED WATER.

Do you realize just what the above title means? Do you realize the only way to get ABSOLUTELY PURE Water is to distill it? A great many people think boiled water is as pure and good as distilled water, but there is a big difference. Boiling the water does not remove anything except the good taste. It merely kills most of the disease germs but the germs remain in the water along with any other impurities that it may contain before it is boiled. Distilling the water KILLS and REMOVES all germs, takes out all minerals and other impurities leaving only the PURE water. Then FILTERED air is forced through the water to make it palatable and the result is the BEST water possible to obtain. Can you afford to take chances on your drinking water this hot weather? Think it over. Then call 43 for a crate of BEST water.
